

Japanese Culture in English

Schedule for 2019

Course Description -

In this class, students will learn about Japanese customs and culture. The goal of this is to help students learn how to talk about Japan during their study abroad in Australia. Students will learn vocabulary and expressions to talk about Japanese culture and practice discussing and presenting cultural topics in easy-to-understand and logical ways. The class is in English, so students will be able to improve their speaking and listening skills. Students will “kill two birds with one stone” while having fun using English to learn about Japanese culture.
